§1 - Introductory Comments: What is a Solar Return?

Introduction

You have certainly heard the expression "Many happy returns!" - a reference to the annual cycle that begins at your date of birth. The astrological Solar Return is a chart cast for the moment when the Sun returns to the exact position it held in your Natal horoscope. Each year the Solar Return marks the start of your personal New Year, and astrologers look to the Solar Return horoscope to see what events and issues await you in the year ahead.

Astrologers have proposed many methods for interpreting the Solar Return chart. This report follows the method of Alexandre Volguine (1903-1976), a French astrologer who, in 1937, first published his 15 years of research on Returns. Until his death in 1976, Volguine continued to update his study of Returns in subsequent editions of his classic text, "LA TECHNIQUE DES REVOLUTIONS SOLAIRES". For those interested in the astrological theory, the method of Volguine is outlined in the appendix to this report.

In accord with Volguine's method, this report is based on a Return chart cast for your location (which may be different from your birth place) when the Sun returns to its position in your Natal chart. Because we insert an extra day into the calendar every four years during the leap year, your Solar Return may occur either on, or a day before or after, your calendar birthday.

If you do not know your exact time of birth, you can still do a general Return chart by using as your presumed "birth time" the exact moment of sunrise on your birth date. The Solar Return chart calculated from a sunrise birth chart provides a generally accurate astrological forecast for the year ahead; but, if possible, use your actual time of birth to get the most accurate forecast.

According to the astrological theory of Solar Returns, the Natal chart represents a basic blueprint of the individual (similar to the DNA within the nucleus of the cell) and the Return chart reveals the annual renewal or reactivation of the Natal chart as measured against both the ongoing movement of the planets and the newly generated set of House cusps at the time the individual's Natal Sun is "reborn" at the annual (SR) birthday. A key feature of Return chart interpretation involves studying the relationship between the annual Return Houses and the birth chart Houses.

Beginning with the next section, this report will review and interpret the major factors identified by Volguine for identifying the themes and events that will dominate your life during the coming year. The current Solar Return chart actually spans a period of about a year and a half because its influence is felt from three months before the current

Solar Return Forecast Starting 01/10/1971 for Richard M. Nixon

birthday until three months after next year's birthday. This three-month transitional overlap between subsequent Returns represents the period when the themes of one year gradually give way to those of the next.

A note on stressful aspects:

In some delineations you will read that an adverse event could occur if the planet being discussed forms discordant aspects in the chart. The harsh aspects are the semi-square (45 degrees), the square (90 degrees), the sesqui-square (135 degrees), the inconjunct (150 degrees), and the opposition (180 degrees). In addition, the conjunction (joining together) of certain pairs of planets is intrinsically difficult because of the conflicting nature of the planets involved. To determine whether a stressful aspect is in effect, you may need to refer to the section where the aspects formed by the planet were first discussed in the report.

Into every life a little rain must fall. Do not be alarmed if negative predictions show up in various sections of this report. Stressful events often hover as potentials in the background but never materialize. The repetition of a trend in several parts of the horoscope chart is the key to accurate prediction in astrology. In general, adverse events occur only when many aspects or configurations repeatedly point toward their manifestation. If a stressful event is mentioned but once or twice, it is unlikely to manifest. In any case, forewarned is forearmed.

On Aspect Strengths: Next to the aspects you will often find a listing of the "strength" of the aspect. The number you see is based on how close the aspect is to being exact. The higher the number, the more exact the aspect. The aspects range in strength from a low of about 1 to a high of about 8. Theoretically, the very close aspects are more likely to manifest in your life.

Astrological Houses in the Return Chart

If you are not familiar with astrology, it will help to know a little about the astrological Houses as you read this report. You probably know that there are 12 signs of the zodiac. In a similar way, astrologers divide the horoscope wheel into 12 "Houses," which look like a pie cut into 12 pieces. Each House represents a particular area of life. The 1st House starts at the Ascendant, which is the point where the zodiac circle in the heavens crosses the horizon in the east. By convention the Ascendant lies at the "9 o'clock" point on the circle. The remaining Houses follow the 1st House in a counterclockwise direction around the wheel so that the 10th House, which symbolizes your career and standing in the world, lies at the very top of the chart. The entry point into each House is called its cusp. Below is a list of the twelve Houses and some of their key meanings for reference as you read this report.

§2.0 - The Solar Return Sun: The Central Focus of the Year

General Significance of the Sun

The Sun, ruler of Leo, is the most important "planet" in the Return. The primal energy of the Sun makes possible our life on earth. The Sun enlivens, asserts, illuminates, vitalizes, promotes, fathers, energizes, individualizes, elevates, and makes conscious. Astrological aspects involving the Sun show how we achieve (or fail to achieve) honor, status, recognition, achievement, and individuation - how we shine, create, and make our mark on the world. People signified by the Sun include fathers, husbands, mature men, bosses, authority figures, and people of influence. In health matters, the Sun symbolizes the heart and the spine.

The Return placement and aspects of the Sun may involve us either personally through health matters and life circumstances governed by the Sun, or indirectly through people symbolized by the Sun. We will next look at the zodiacal sign and House positions of the Sun in the Solar Return chart.

Return Sun in Capricorn

The Return Sun occupies the exact location in the same sign as the Sun in your birth chart. Having the Sun in Capricorn generally makes you careful, dependable, ambitious, determined, organized, disciplined, reliable, serious, and prudent. Your faults may include being overly shy, materialistic, rigid, exacting, rule-bound, or conventional.

Having considered the sign containing the Sun, we now turn to the Sun's Return House position, which highlights the central themes of the year ahead.

Solar Return Forecast Starting 01/10/1971 for Richard M. Nixon

§2.1 - The House Occupied by the Sun: Major Issues of the Year

Return Sun in the Return 3rd House

The Sun in your Return 3rd House emphasizes intellectual interests, studies, correspondence, communications, the exchange of ideas; and your dealings with siblings, neighbors, and kin. Your mind is full of creative thoughts pushing for expression. The Sun here enlivens and quickens any plans you have regarding selling, publicizing, or marketing your ideas. You are likely to be on the go, attending meetings, making visits, taking classes, using your computer, adding to your knowledge, and being actively involved in your community. You might travel extensively or purchase a new vehicle. If your work involves public speaking or writing, you can be extremely productive. Communicating with others now takes center stage.

§2.2 - The Sun's Aspects in the Solar Return Chart

Return Sun trine Return Saturn (Strength: 4.24)

Now is a time when your hard work pays off. You can move forward in the career arena. It would not be unusual to receive some type of recognition, merit, or award for past efforts. Favorable career developments are possible. You are able to overcome obstacles as you establish yourself in society and work steadily toward your goals. People in authority tend to be kindly disposed toward you.

Return Sun inconjunct Return Midheaven (Strength: 3.11)

The Sun inconjunct the Midheaven calls for adjustments in your life with regard to matters of career, authority, worldly ambition, and parental relationships.

Return Sun sextile Return Mars (Strength: 2.45)

These two fiery planets in harmonious aspect stimulate the adrenaline and increase your initiative for independent action. This will be a busy and energetic year, full of constant activity with little time to rest. Sex may become a high priority, and for some marriage is a possibility. You are able to exercise leadership and can succeed in advancing your career. You can also achieve impressive results in competitive endeavors.

§3.0 - The Solar Return Ascendant: Personal Themes for the Year

The Ascendant-Descendant or East-West Axis in the SR chart

The East-West Axis of the astrological map represents the Celestial Horizon. The Ascendant (in the East) signifies the filter through which you view the world and the manner in which you project your personality toward others. It also reflects your physical body and your personal initiatives. The Descendant (in the West) symbolizes your partnerships, close relationships, and the way you get along with other people.

Planets that form close aspects with the East-West Axis of the Return chart will color your personality style, personal initiatives, and manner of relating. The degree of the zodiac rising in the East (the Ascendant) varies with your location on earth at the time of your Solar Return. If the Return Ascendant receives particularly stressful aspects, some astrologers advise their clients to travel to a location that will minimize or negate those aspects on the day of their Solar Return. In the following section we consider the influence of the horizon (Ascendant-Descendant) axis in the year ahead.

Return Ascendant in Scorpio

The Scorpio Ascendant emphasizes the intense and secretive sign of the scorpion. This year you will need to deal with matters related to power and control, taxes, loans, debts, mortgages, joint finances, sexual issues, psychological conflicts, and property owned jointly with others. Sound financial management, perhaps involving large sums of money, will be essential. You could find yourself involved with investigation, research, matters of health and illness, surgical interventions, near-death experiences, legacies, or inheritances.

More than any other sign, Scorpio represents life and death issues that can bring about radical transformation. A noteworthy loss, separation, or ending may occur in such a year. Significant personal growth and healing are possible. Wisdom can be gained by paying attention to your gut feelings and intuition. Now is a time to bury the hatchet and seek reconciliation with significant people in your life, especially those who may soon leave this earthly plane.

Solar Return Forecast Starting 01/10/1971 for Richard M. Nixon

The Ascendant signifies your body. If the Ascendant-rulers Mars and Pluto form stressful aspects you could encounter health problems (such as illnesses, accidents, injuries, burns, heat stroke, etc). Because Scorpio governs the functions of excretion and reproduction, potential health difficulties could involve the genitals, the gall bladder, or the organs of elimination.

Pluto and Mars are respectively the modern and traditional planetary rulers of the sign Scorpio. Thus, Pluto and Mars are the rulers of the Ascendant in this year's Return chart.

§3.1 - The SR House Containing the Planet Ruling the SR Ascendant

Return Pluto in the Return 11th House

Pluto, the planet of radical change and transformation, occupies your Return 11th House of friends, group affiliations, income from career, and hopes and wishes for the future. Major changes in income are possible. Your leadership skills and revolutionary ideas can have a major impact on a club, group, or organization to which you belong. Powerful friends may assist you in achieving your hopes and wishes. Friends could also help you to gain a deeper understanding of your own psychological makeup. You could get caught up in an idealistic crusade to reform others. Deep-seated concerns about a child or a close friend could occupy your attention. The passing of a friend or acquaintance may occur in such a year.

§3.2 - The Natal House Highlighted by the Solar Return Ascendant

Return Ascendant in the Natal 2nd House

The Natal House placement of the Return Ascendant shows where you are most likely to take personal action during the coming year. Your dominant interests and activities will center around 2nd House matters such as income, finances, money, resources, belongings, and personal values. This is a year to get your financial house in order. Review your budget, plan your savings, make a will, and do what you must to provide for yourself and your loved ones. You may have the opportunity to improve your economic outlook, perhaps by seeking a raise, settling old debts, or pursuing new sources of income. If the planet(s) that rule or occupy the Return 2nd House are afflicted, there is a risk of monetary loss or financial difficulty.

The Return Ascendant-Descendant axis also highlights 8th House issues such as shared resources, taxes, loans, investment income, joint finances, sexuality, mortality,

Solar Return Forecast Starting 01/10/1971 for Richard M. Nixon

spirituality, the afterlife, crises, healing, personal transformation, and occult interests. You seek to understand what is going on beneath the surface. On occasion this can signify a need to deal with a legacy, the goods of the dead, or the passing of someone in your family or in your circle of acquaintances. You could also spend considerable time this year on matters related to your own health and mortality.

§3.3 - Aspects involving the Ascendant in the Solar Return Chart

Return Ascendant semi-square Return Mercury (Strength: 1.37)

With Mercury in discordant aspect with the Return Ascendant, you may feel misunderstood or you may become the object of bad publicity. Something you write or say could be a cause of friction in partnerships or close relationships. You should avoid being overly critical or gossiping about others, and make a special effort to be clear in all your communications. Also, be careful to check the fine print in any contracts or binding agreements. In stressful charts, there may be health difficulties, possibly involving the lungs, upper extremities, or GI tract.

§3.4 - Planets Rising in the First House of the Solar Return Chart

Solar Return Planets occupying the Solar Return First House

The Return 1st House reveals your yearly personal or psychological activity. Any planets that occupy the Return 1st House show the nature of your activity and your psychological reactions during the coming year. If a planet lies close to the Return Ascendant (within 5 degrees), you will have a fair amount of personal control over the action. Planets in the 1st House that lie further away from the Return Ascendant (more than 5 degrees) indicate that you will have less control and be more at the mercy of the forces symbolized by those planets.

The Return planets that occupy your Return 1st House are listed below. If this section is blank, there are no 1st House planets in your Return chart.

Return Venus in the Return 1st House

Benefic Venus ascending in your Return chart makes you friendly, sociable, and personally appealing to others. Your charm can pave the way to romance or to the deepening of a current love relationship. If unattached, you could fall in love, meet a future spouse, move in with a partner, or tie the knot in matrimony. You may decide to improve your appearance and enhance your personal attractiveness. Contractual

Solar Return Forecast Starting 01/10/1971 for Richard M. Nixon

agreements and partnerships other than marriage are also highlighted. You could be called upon to use your tact and diplomacy to smooth ruffled feathers.

Venus symbolizes values, income, possessions, love, pleasure, and the finer things in life. If Venus forms harmonious aspects, you can look forward to an increase in income, a promotion at work, a pleasant vacation, many social invitations, the purchase of luxury items, romantic interludes, the enjoyment of female company, or similar events during this Return year.

Return Mars in the Return 1st House

Taking action regarding personal projects and initiatives

Mars, the action planet, shows where you direct your energy. Assertive Mars in the 1st House enhances your self-confidence, enterprise, and initiative. This is a year when you can readily start new projects, take on challenges, and advance your personal goals. You are able to be decisive and assertive, but you may also need to watch your temper. You may wish to utilize this energy for self-improvement. You might wish, for example, to alter your appearance, begin an exercise program, or change the way you are perceived by others. Family members or associates could involve you in their disputes or conflicts at this time. There is a risk of accidents, injuries, or illness. You will need to guard against rash, aggressive, or impulsive behaviors. Excessive speed or haste is likely to have untoward consequences.

Return Jupiter in the Return 1st House

Jupiter in the Return 1st House heightens your sense of optimism, generosity, enthusiasm, and self-confidence. This is a generally positive influence that promises a relaxed, fortunate, and hopeful time. Events occur that help you to overcome problems from the past. You are able to further your personal ambitions. At times you may feel like the sky is the limit. You tend to be expansive and exuberant, but you may need to guard against becoming too puffed-up and full of yourself. There is a risk of overindulgence and other forms of extreme behavior. Weight gain is possible. You would be wise to pursue a sensible program of diet and exercise at this time.

Return Neptune in the Return 1st House

Neptune in the Return 1st House raises the possibility of dissolution, loss, letting go, sadness, misunderstanding, deception, or confusion with regard to your appearance, sense of self, physical body, or a personal project. A longstanding situation, relationship, or preoccupation related to such matters may dissolve or fade from your

Solar Return Forecast Starting 01/10/1971 for Richard M. Nixon

life. A significant journey may occur. You are likely to be sensitive, moody, romantic, and somewhat impractical. There could be problems with drugs, alcohol, or mind-altering substances. In some cases, a period of grief, impoverishment, or hospitalization will be indicated.

§4.0 - The Solar Return Midheaven: Worldly Status, Career, and Public Activity

The North-South or Meridian Axis of the Solar Return Chart

The North-South or Meridian Axis of the astrological map represents your vocation, public image, parents, and family matters. The Midheaven at the top of the chart (due south in those charts of the northern hemisphere) symbolizes your career, worldly status, and public activities. The Imum Coeli (I.C.) at the bottom of the chart signifies your home, your domestic life, and the final conclusion of pending affairs.

Planets that form close aspects with the North-South Axis of the Return chart will color vocational and family matters during the year. The degree of the zodiac on your Return Midheaven depends on your location on earth at the time of your Solar Return. If the Return Midheaven receives particularly stressful aspects, some astrologers advise their clients to travel to a location that will minimize or negate those aspects on the day of their Solar Return. In the following section we consider the influence of the meridian axis in your Return chart.

Return Midheaven in Leo

The Midheaven in Leo suggests that your career, status, and public activities will involve your ability to put yourself in the spotlight and make your unique mark upon the world. You will be self-confident and assertive on the job. Your ability to sell yourself and your ideas can lead to advancement in your career. Others are likely to recognize and reward your achievements at this time.

Solar Return Forecast Starting 01/10/1971 for Richard M. Nixon

The House position of the Return Midheaven's planetary ruler gives further information about your social reputation and vocation in the year ahead. The planet ruling the Return Midheaven is discussed below.

Because the Sun rules the sign Leo, the Sun is the ruler of the Midheaven in this year's Return chart.

§4.1 - The SR House Containing the Planet Ruling the SR Midheaven

Return Sun in the Return 3rd House

This interpretation appeared previously in section §2.1 - The House Occupied by the Sun: Major Issues of the Year.

§4.2 - The Natal House Highlighted by the Solar Return Midheaven

Return Midheaven in the Natal 12th House

The Return Midheaven lies at the top of the Return chart where it reveals the actions and circumstances of your life that will be most visible to others during the coming year. When the Return Midheaven lies in your Natal 12th House, it highlights the benefits of quiet contemplation in the pursuit of spiritual truths. You will need to confront personal limitations in order to achieve professional advancement. The health and/or hospitalization of a parent, other family member, or close associate could occupy your attention. You may have official dealings with a charitable, health care, or service organization. This placement may be accompanied by a feeling of discontent about your career and position in society. You must be careful to avoid making decisions that can harm your career or public image.

§4.3 - Aspects Involving the Midheaven in the Solar Return Chart

Return Midheaven square Return Mars (Strength: 4.34)

With Mars squaring the Return Midheaven, you are likely to put a great deal of energy into career matters. This is a year when you can be decisive, resolute, dynamic, pioneering, and independent in pursuing your goals. A change in career is possible. You may take on new responsibilities or assume a position of leadership. The square aspect warns you to guard against rash, hurried, or premature actions. Problems could arise due to wrong instructions, poor planning, excessive haste, or misguided arrangements. Because the Midheaven can signify parental and authority figures, you

Solar Return Forecast Starting 01/10/1971 for Richard M. Nixon

may need to devote extra time and effort to matters related to a parent or to the demands of society.

Return Midheaven inconjunct Return Sun (Strength: 3.11)

This interpretation appeared previously in section §2.2 - The Sun's Aspects in the Solar Return Chart.

§4.4 - Planets in the Tenth House of the Solar Return Chart

SR Planets in the Solar Return Tenth House

The Return 10th House relates to career, family, worldly status, and any public actions you take during the year. The Return planets that occupy the Return 10th House reveal the nature of such public activity and how it may affect your vocational and family life.

The Return planets that occupy your Return 10th House are listed below. If this section is blank, there are no 10th House planets in your Return chart.

§5.0 - The Solar Return Moon: Your Emotional Life

General Significance of the Moon

The Moon, ruler of Cancer, receives and reflects the light of the Sun. As such, the Moon symbolizes the inner, reflective, receptive, emotional, and subconscious aspects of human life. The Moon represents our feeling states, heredity, instincts, habit patterns, our early experiences with mothering, and our domestic life. Astrological aspects involving the Moon reveal how we react emotionally, and how we give or receive nurturing and comfort. People signified by the Moon include mothers, females in general, and the significant women in our lives. In health matters, the Moon symbolizes cyclic changes, nutrition, and female issues; also, the breasts, the stomach, and the brain matter.

The Return placement and aspects of the Moon may involve us either personally through health matters and life circumstances governed by the Moon, or indirectly through people symbolized by the Moon. Lunar aspects that are said to perfect on a certain date have an orb of a month or longer. We will next consider the Return zodiacal sign and House placements of the Moon.

Return Moon in Cancer

The Moon in Cancer is generally fortunate for your emotional and family life. You tend to be sensitive, imaginative, and caring. Others are likely to offer the support and nurturing that you desire. Your increased emotional awareness may find an outlet in music, art, or other creative endeavors. Relationships with family members come into prominence. A new child might come into the family under this influence. This can be a nostalgic time when you ponder emotionally charged memories from the past. If the Moon forms stressful aspects, you could find yourself engaged in domestic wrangling, which can leave you feeling resentful or easily hurt by the real or imagined slights of others.

Solar Return Forecast Starting 01/10/1971 for Richard M. Nixon

Return Moon in the Return 8th House

The Moon, which reflects your feelings and emotional life, occupies the Return 8th House of sex, death, surgery, inheritance, occult matters, and joint finances. Fluctuations are possible in a partner's income. You are especially sensitive to the feeling states of those around you, and you may be in a position to counsel or heal others. Psychic experiences are possible. Your sex drive becomes intense but is also subject to wide variations. Human mortality may become an emotionally charged issue at this time. A need for surgery is sometimes indicated. You may need to deal with insurance, a legacy, or the goods of the dead. On occasion, the Moon here will signify a significant ending, a near-death experience, or the passing of someone or something that has been important in your life.

§5.1 - Aspects involving the Moon in the Solar Return Chart

Return Moon inconjunct Return Venus (Strength: 3.04)

The Moon discordantly aspecting Venus warns of potential conflict, tension, unpopularity, separation, or lack of appreciation in relationships. Make a special effort to let significant others know how much you care about them. You may undergo periods of moodiness and irritability during which you are swayed by emotion and may be unable to think rationally. Beware of acting against your better judgment and acquiescing to the half-baked, misdirected plans of others. If you base your actions solely on emotion, you will suffer the consequences at a later date. Difficulties may arise due to excess, poor judgment, maudlin sentimentality, or overindulgence. This aspect can correlate with difficulties in a love affair, marriage, partnership, pregnancy, or childbirth. Make an effort to communicate your needs clearly and to work out your differences with close associates.

Return Moon inconjunct Return Neptune (Strength: 2.32)

With the Moon stressfully aspecting Neptune, you may experience confusion and lack of clarity in your emotional life. Feelings of loss, grief, sadness, or hopelessness are not uncommon. Be careful whom you entrust with personal information, and guard yourself and your loved ones against exploitation by others. Any self-deception, denial, sneakiness, or underhanded behavior is likely to have untoward consequences. Plans based on illusion, wishful thinking, or a desire to escape from legitimate obligations will only lead to failure.

Solar Return Forecast Starting 01/10/1971 for Richard M. Nixon

Return Moon trine Natal Venus (Strength: 5.53)

The Return Moon harmoniously aspecting natal Venus has a very positive effect on your emotional life. Close relationships are supportive and friendly. Intimacy comes easily. Conditions are generally harmonious on the domestic front. Romance may blossom.

Return Moon oppose Natal Jupiter (Strength: 3.72)

This is a period of heightened emotionality. Overindulgence of your appetites can lead to difficulties related to excess. The women in your life may be quite touchy or sensitive around this time.

Natal Moon conjunct Return Moon's North Node (Strength: 2.66)

Personal growth comes from attending to your emotional needs and security interests. Your most intimate involvements with others will teach you a great deal about yourself.

Return Moon oppose Natal Mercury (Strength: 2.06)

The Return Moon stressfully aspecting natal Mercury pits your emotional reactions against your rational thought processes. Your ability to think clearly may be compromised by strong emotions. You tend to change your views depending on the prevailing sentiment. Difficulties could arise in your attempts to have cool, calm, and collected discussions with others. You could suffer criticism or gossip. There could be problems with travel. This is a good time to go within and clarify how you feel about important matters.

Return Moon oppose Natal Mars (Strength: 1.79)

Your emotions may lead to conflicts or aggressive outbursts. Don't let little things get on your nerves. Everyone has their quirks. Don't sweat the small stuff.

Return Moon conjunct Natal Pluto (Strength: 1.71)

Return Moon conjunct Natal Pluto stirs up intense feelings and may bring about profound transformation in your emotional life. This year you are able to pursue your objectives with resolute determination. You must, however, guard against acting with a

Solar Return Forecast Starting 01/10/1971 for Richard M. Nixon

zealous enthusiasm that disregards the needs and feelings of others. Such unilateral behavior can only upset the apple cart.

§6.0 - Mercury: Communication, Writing, Learning, Selling, Short Trips

General Significance of Mercury

Mercury, ruler of Gemini and Virgo, was the messenger of the gods. Mercury symbolizes language, communication, the thinking process, the intellect, writing, correspondence, education, commerce, transit, movement, and all means of transport. §6.1 - Aspects of Mercury in the Solar Return Chart

Return Mercury square Return Pluto (Strength: 3.44)

Mercury in discordant aspect with Pluto often brings news that dramatically affects your life. Issues of power, domination, exploitation, sex, death, and violence may occupy your thoughts. You come to a greater understanding of human mortality, perhaps

Solar Return Forecast Starting 01/10/1971 for Richard M. Nixon

through the passing of a young person or of someone significant in your life. Difficulties are possible due to excessive haste, precipitate action, irritability, impatience, or oppositional behavior.

Mercury governs speech, and you will need to watch what and how you communicate. Something you write or say could lead to power struggles or backlash from others. Mercury also governs travel, so be especially careful and attentive while on the road. Health problems could involve the hands, arms, lungs, the speech apparatus, or the organs of sex and elimination. On occasion, surgery may be indicated.

Return Mercury sextile Return Moon's North Node (Strength: 1.84)

Obsessive Compulsive

Return Mercury in hard aspect to natal Pluto suggests a tendency to obsessive or fanatical thinking. You may feel that your point of view is the right one and thus close yourself off to the ideas of others. Try to be more open-minded and don't let your fears and inner demons control your ideas about life. As Pluto rules the underworld, thoughts about death and the afterlife commonly accompany this aspect. As Mercury rules travel, take the necessary precautions to insure that all your journeys are safe and trouble free.

Return Mercury conjunct Natal Mars (Strength: 5.38)

Return Mercury conjunct Natal Mars suggests the receipt of contentious or upsetting news. Watch your temper and be especially careful to think before you speak. If there are indications of health difficulties in the chart, this aspect could indicate problems with the lungs, upper extremities, or the gastrointestinal tract. Also, be careful while driving or operating mechanical equipment as this is an accident prone aspect.

§15.0 - Connections between Planets and House Cusps

Alignments of Planets with House Cusps

The House cusps are power points in the chart, and any planet that aligns closely with a House cusp will be especially prominent in the year ahead. Planet to House cusp alignments often portend specific events whose nature combines the symbolism of the planet and the House involved.

The three sections that follow will look at the contacts, if any, (1) between Return planets and Return House cusps; (2) between Return planets and Natal House cusps; and finally, (3) between Natal planets and Return House cusps.

When comparing the Solar Return and the natal charts, any close alignment between a planet and a House cusp is highly significant. In fact, the conjunctions of planets with House cusps in the superimposed natal and return charts usually pinpoint the major factors that will be operative during the year. Pay close attention to the following three sections because they highlight the specific events that you will need to deal with in the coming Solar Return period.

Saturn, the Great Teacher, reveals lessons to be learned during the coming year. Conjoining the cusp of the 7th Return House, Saturn suggests a need to take more responsibility in matters related to love, marriage, partnerships, contractual agreements, legal obligations, close relationships, and dealings with the public. This may be a time of trial and testing of your most intimate connections with others. On occasion Saturn teaches a lesson through a possible loss or separation from a person you care about. Some of Saturn's lessons might be painful, but in the end what remains will be worth the effort and you will get what you deserve. Falling desperately in love and getting married are possible with this configuration. As the 7th cusp (Descendant) is where the sun sets, Saturn here can focus our attention on the sunset of our lives.

When near an angle in the Return chart, Saturn prompts you to face the Shadow aspects of your personality -- the disturbing parts of yourself that you fear, repress, and project onto others. Saturn may knock you to your senses by confronting you with a dose of harsh reality. The time has now come to pay the piper. The goal of Saturnian discipline is a better integration of your personality. Saturn's tests may arrive in the form of hardship, oppression, burdens, obligations, illness, surgery, poverty, loss, restriction, disappointment, bereavement, or conflicts with authority. The lessons you learn at this time come from taking a long hard look at what you have been doing with your life.
